DataSync Technologies, Inc

Re: Software Engineer - Software Developer

Note: I previously held a SECRET CLEARANCE while serving 8 years in th

I am excited to apply for the Software Engineer - Software Developer position. I've been impressed with DataSync Technologies's performance and would like to use my expertise to dream up next-generation software capabilities for your intelligence community clients. I would love to be part of a culture that prides itself on delivering dynamic solutions to a variety of interesting and challenging mission critical software development projects. And work where people value the curiosity, tenacity and imagination I'll bring to your teams each day. I would like to join you to build something better for myself, for your customers and for our country. Below are your requirements and my qualifications:

Your Requirements:

Object-oriented software development environment experience, using high-level languages.

> Academic or professional experience with Java, Python or Ruby.

Familiarity with software development through the software lifecycle.

JAVA (J2EE), Python, Ruby, JavaScript, MapReduce, Pig, XML, SQL, JAQL, HTML, CSS, XML, BASH, ANT, and Perl

> Frameworks: Hadoop, Rails, JavaScript Frameworks, SOA/WebServices, JSP Continuous Integration and DevOps: Jenkins, Puppet, Chef, and Ansible

>

My Qualifications:

Received Full Stack (MERN) Development Certification from University of Richmond. Performed Technical Support while volunteering with Americorps. Became a

> Google Guide to assist Capital One's company wide transition from Microsoft Office to Google's Suite of office products. I have academic experience with Python and Java with knowledge of Ruby.

I am very strong in the Microsoft Office Suite, Google Suite, and familiar with Sun Suite. Able to Create, Read, Update, and Delete files from databases including SQL and MongoDB supported by React application development using javaScript, Html, Css, BASH, javaScript frameworks, and DevOps

>

These are only a few of my accomplishments. I look forward to speaking with you in more detail about my experience.

Sincerely,  
Frederick Articulo
